

NOVEMBER 2021 NEWSLETTER

Just a few weeks ago, I returned back from Tanzania, where I spent six weeks helping to organize something historic that took place in the city of Dar Es Salaam in October. CfaN (Christ for All Nations) did something they've never done before and organized six Gospel Crusades in different districts of one city, all of them taking place simultaneously. I was part of a small team of five, who put one of these six crusades together in the district of Mbagala. The task was enormous but our team did really well. I had a lot of responsibilities before and during the crusade such as mobilisation of thousands of volunteers, their training and leading the operations on the field during the crusade, the planning and set-up of the field with all the different tents, stage, hygiene stations, toilets, ambulance, back stage area, fencing, counting the crowds and the number of decisions for Jesus every night and so on.

This project was known throughout the whole nation of Tanzania and even the Moslem media reported about it with excitement. In Dar Es Salaam, every single person knew what was happening in their city.

This Gospel Crusade Project was very blessed indeed and we saw over 200.000 salvations take place during the five days that the crusades were running.

Every single Sunday before the crusade, I also did a lot of preaching in the local churches, sometimes as many as four services a day, and in those church services I also saw many salvations every time I preached.

This year, I've had a privilege of being part of well over 500.000 salvations, either directly through preaching or indirectly through organisation. It's mind blowing to think that despite COVID-19, I was able to travel the nations for eight months and be part of such enormous harvest. However, every multitude begins with the one. God sees the one and goes after him. Even though we reached masses of people with the gospel this year and saw thousands upon thousands get saved in a day, we also took time to stop for the one in front of us.

In my previous letter, I told you about Sweetie, the Moslem girl who gave her life to Jesus in Dodoma, Tanzania in the summer. She is now growing fast in her faith in Jesus and trusts Him in every situation. She has found a vibrant church that's become her spiritual home and she now actively participates in their worship team.

God is the same everywhere and therefore individual lives also get radically saved here in Europe. A few weeks ago, I preached at a church in Frankfurt area on a regular Sunday, and quite a few people accepted Jesus.

Among them a man via live-streaming, whose wife had been praying for his salvation for more than 20 years. Not long after this, I also received photos of a lady, who for the first time gave her life to Jesus at that meeting. She has now gotten baptised, joined the church, loves Jesus and is growing in her faith.

I get to witness salvations here in Germany nearly every week. Just a few days ago, I shared the gospel at a worship event that is usually mainly attended by believers. Yet, five people gave their lives to Jesus that night for the first time. God is truly on the move and in hurry to save the lost! All we need to do is to be available and share the gospel, and He does the rest!

The rest of the year, I will be preaching in different churches in Frankfurt area and elsewhere in Germany. I feel in my spirit that it is time for the gospel to be heard again loud and clear in our churches and so I've made the decision to preach only that, nothing else.

The Lord has also given me an enormous opportunity to go and share the gospel in schools here in Frankfurt area.

I am so thankful for all these opportunities and rejoice over every person who will receive Jesus as their Lord and Savior in those meetings.

Please pray with me for a great harvest of souls!

WHAT'S NEXT?

Right now, I am praying and planning the calendar for 2022 and the first half of the year is already filling up fast. In March, I will be doing kids&youth crusades in Rwanda and sometime in the spring a regular crusade in Ethiopia and/or Nigeria. The dates and the final locations concerning these projects are still being discussed. Apart from that, I will be training young evangelists at the so called Fire Camps, organized by CfaN, taking place in different European nations. Preaching opportunities in churches in Germany and elsewhere is ongoing, and I see how God has opened an effective door for me to go and wake up the sleeping churches here in Europe. I hope to be back in Asia, mainly Indonesia, latest in the fall 2022 and do a full blown program there. In addition, there will be several other projects coming up as well but those will be announced only at a later point.

Please pray for wisdom for me as I plan, and ask the Holy Spirit to order my steps. The harvest is ripe and plentiful and we want to answer the call and be effective harvesters, bringing thousands of souls into the Kingdom of God this coming year! But I need to know where exactly I am supposed to be harvesting.

All this naturally costs us a lot of money and in order to be able to go through all those enormous doors of opportunity, we will need at least 1.000€ more every month from January on. This is our goal and right now we are still about 700€ short of it. Would you like to consider becoming our monthly partner? If so, please let us know. Any amount, big or small, will help us reach our goal and together, we will effectively plunder hell and populate heaven!

Next year alone, in case we can take all the opportunities presented to us, we will reach hundreds of thousands of people with the gospel!

IN THE NEXT TEN YEARS, OUR GOAL IS TO SEE
ONE MILLION SOULS SAVED!

WOULD YOU LIKE TO SHARE IN THIS HARVEST?

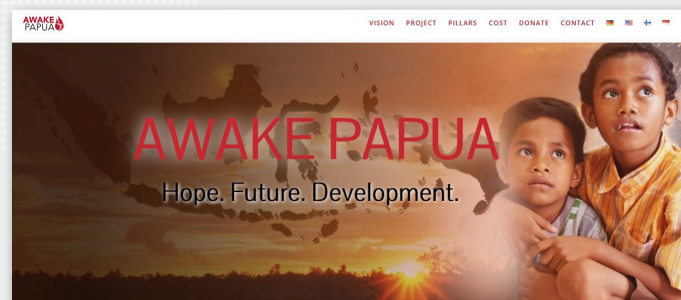

Thank you for your interest in our work and in what God is doing around the world through us right now! You are just as much part of it all as we are! May the Lord continue to bless you, lead you, use you and provide for all your needs.
